dren's Shoes. Dandy Styles and Low Prices.

PORTSMOUTH PEOPLE HAVE LEARNED THE FACT THAT

THE WINCHESTER

Is America's Greatest Heater For Water And Steam
The Most Prominent People Get Them.

Plumbing, Piping, Tin-Roofing, In Fact All In The Plumbing Line Done By

J. M. SMITH, High St.

WILL PROBABLY COME TO PORTSMOUTH.

The Baracoa Raised and Added to the
Navy.

The Navy Department is gratified to
learn that its representatives who have
been working for sometime in the vicin-
ity of Santiago and Guantanamo have
succeeded in adding another vessel to
the American Navy in the shape of the
gunboat Baracoa, which was reported to
have been towed into Santiago yester-
day.

The Baracoa was one of the Spanish
gunboats sunk near Guantanamo. She
is a useful type of vessel for patrol work
and is about 50 percent larger than the
gunboats Sandoval and Alvarado, now
at Washington navy yard. The Bara-
coa is of steel, 114 feet 9 inches long, 16
feet 5 inches beam and 8 feet 2 inches
draft. Her displacement is 135 tons
and, with 220 horsepower, she is able to
make ten knots. She carries one Hon-
tor gun of 3.5-inch caliber, one of 2.7-
inch caliber and two machine guns.
Probably she will be ordered north as
soon as she can be made ready for the
voyage, to be thoroughly overhauled at
one of the navy yards.

The Navy Department is still waiting
to hear from the Swedish company
which has undertaken to raise the Crist-
obal Colon. The project has not been
abandoned by any means. Expert en-
gineers in the employ of the company
visited the wreck and made a careful
study of the situation. They returned
to Sweden and, according to their re-
port, began the preparation of exact
estimates of the cost of raising the ship.
They entertained no doubt of their abil-
ity to save the ship.

GENEROUS REQUESTS.

In the will of Caroline A. Weeks, who
died in Greenland on Monday, the
20th inst., appeared the following be-
quests of public interest:

To the Congregational society of
said Greenland, the sum of one thousand
dollars, the income arising there-
from only to be used by said society for
the support of its present or any future
minister.

To the Methodist Episcopal church of
said Greenland, the sum of one thousand
dollars, the interest therefrom only
to be used by that society for the
support of its present or any future
minister.

To the Congregational society of said
Greenland, the sum of one thousand dol-
lars, in trust, to devote the income of
the same annually to keeping of the
Weeks' burial lot upon the Weeks' farm
in proper condition; and in case the
whole of said income shall not be needed
for that purpose, the balance of the in-
come shall be used annually for said
society for the support of its minister.

To the town of Greenland the sum of
one thousand dollars, the interest only
of said sum to be used by said town for
the support of its town free public
schools.

To the town of Greenland, the sum of
one thousand dollars, the income only
of which is to be used by said town in
the improvement and betterment of
each of the roads of said town as lie
within a radius of one-half mile of the
Weeks' public library building.

To the trustees of the Weeks' public
library in said Greenland, two thousand
dollars, in trust, to expend the income
of said sum in keeping in proper repair
the Weeks' public library building, in
caring for the grounds surrounding the
same, and in defraying the expense of
keeping said building insured.

To the Portsmouth Cottage hospital,
the sum of one thousand dollars as a per-
manent fund, to be known as the Weeks'
fund, the income only of said fund to
be used, and in the expenditure of said
income preference shall be made for the
benefit of the treatment of any deserv-
ing resident of said Greenland.

The Avery Place, so called, in said
Greenland, is devised to E. Augusta
Batchelder.

After providing for the payment of
several private bequests, all the rest,
residue and remainder of the estate is
devised and bequeathed unto the neph-
ews and nieces of Mrs. Weeks, namely:
Charles William Johnson, of Green-
land, N. H.; E. Augusta Batchelder, of
Haverstraw, N. Y.; Caroline A. Lam-
proy, of Charlestown, Mass.

Charles A. Hazlett of this city was
appointed executor of this will.

HOW'S THIS?

We offer One Hundred Dollars reward
for any case of Catarrh that cannot be
cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Props., Tol-
edo, O.

We, the undersigned, have known F.
J. Cheney for the last 15 years, and be-
lieve him perfectly honorable in all busi-
ness transactions and financially able to
carry out any obligations made by their
firm.

WEST & TRUAX, Wholesale Druggists,
Toledo, O.;
WALDING, KINMAN & MARVIN, Whole-
sale Druggists, Toledo, O.

Hall's Catarrh Cure is taken interna-
lly, acting directly upon the blood and
mucous surfaces of the system. Testi-
monials sent free. Price 75c. per bot-
tle. Sold by all Druggists. Testimon-
ials free.

TEA TABLE TALK.

The few who have predicted that
Senator Chandler was losing strength
in the state are learning to put aside any
further reflection in that way. I see in
him one of the leading lights in the
country and he has been for more than
twenty five years. No man is more ex-
tensively quoted and his last utterances
of the question of party policy regard-
ing trusts has sounded the key-note for
the campaign of 1900.

I learn with much regret that Govern-
or Rollins found it impossible to find a
place for L. H. Currier, without remov-
ing the popular Labor Commissioner J.
F. Trask. "Jule" is one of the best
known and hard-working republicans in
the state. He was the one man whom the
new-paper men asked to have retained
in office and I know personally that the
members of his council were in favor
of his reappointment. The only claim
Carroll had for the position was that
he was employed by the governor and
his father before him. The governor is
abundantly able to continue Mr. Car-
roll in his employ and he certainly could
not have been appointed on account of
his ability over Trask. The men who
push the pencil for a living will al-
most to a man say that Governor Rol-
lins made an error, no matter what his
personal friendship for Carroll was. All
things considered Trask is the better
man for the people and certainly a val-
uable one for the party.

I met Civil Engineer Thompson of the
B. & M. R. R. on the train this week,
and I must say that he was one of the
most agreeable men that I have ever
met from Massachusetts. He is of the
jolly sort, with the push and vim
that go to make up a hustler and he
is just the kind of a man that President
Lucius Tuttle and ex-President Frank
Jones picked out to help build up the
great B. & M. R. R. He has held many
exalted positions in the state and is now
a member of the governor's staff.
When in Portsmouth he is generally
busy in his office or with Director A. F.
Howard and they are always busy plan-
ning new ideas for the completion and
enlargement of the electric line now
nearly completed. From Mr. Thomp-
son's vast experience in railroad con-
struction I feel certain that the road in
this city will be second to none, and in
fact Supt. Meloon of the P. K. and Y.
says Portsmouth is having a road built
that she may well feel proud of.

Viola Allen is making the hit of the
season in Hall Caine's great play, "The
Christian," at the Boston Museum, and
many well-known Portsmouth people
are noted among the ticket holders at
every performance. She is certain to
take her place well at the top of the
leading stars upon the theatrical stage,
and it looks as if her stay at the Museum
would have to be prolonged many
weeks beyond the intended run. Should
this play visit Portsmouth, Music hall
would prove too small for the crowds.

So Secretary Alger has started for Cu-
ba. Perhaps it is because he doesn't
wish to read the damaging testimony
now being presented before the court of
inquiry appointed to investigate Gen-
eral Miles charges regarding embalmed
beef. But seriously I don't believe
there is an American who believes that
Secretary Alger was personally at fault
because the army was supplied with a
poor quality of meat. He is one of the
foremost business men of the land and
yet to read the Yellow Journals one
would think that he was worse than a
highwayman and yet should he visit
Portsmouth all our citizens would de-
light in honoring him. It is a bad way
the great newspapers have of assailing
the character of our public men and
will sooner or later lead to serious trou-
ble in official circles.

Ex mayor Patrick J. Gleason of Long
Island City is not only a maker of liter-
ature, says the Sun, but also a patron of
letters in his own unassuming fash-
ion. He met an old acquaintance yester-
day and, after discussing the decay of
politics and the tariff, said:

"It was a sorry day for me when I
heard that that bright fellow Kipling
was sick. I am glad he's getting better."

"I never suspected that you read
Kipling," said his acquaintance.

"As a rule," said Mr. Gleason, "I am
in favor of supporting our own Ameri-
can authors, but Kipling did me an
honor to write a piece about me once.
It was political and it hurt me in the
district, but I bear the young man no
grudge."

"I never heard of such a Kipling
piece."

"It was poetry," said Mr. Gleason,

and it was printed in The Sun. It be-
gan, 'They're-a-doing Paddy Gleason,'
and it was not unlike a piece which he
wrote about Danny Deever, a rascal
who came to his death at the end of a
rope. Kipling spoke about my axe and
Long Island City and it made first-rate
poetry. First rate it was, and it hurt
my feelings at first, I got over it. I for-
gave the young man and I am glad that
he is getting better."

KITTERY.

The republicans held their caucus last
evening and elected the following ticket
by acclamation:

Moderator—Horace Mitchell;
Town Clerk—Frank E. Donnell;
Town agent—Frank L. Parker;
School committee—Edward F. John-
son;

Collector of taxes—Oliver C. Haley;
Treasurer—John W. Perkins;
Selectmen—Charles Chickering, Owen
E. Pettigrew, James H. Walker;

Treasurer—Mark W. Paul;
Auditor—J. Chester Cutts;
Road Commissioner—Noah E. Emery;
Constable—John W. Perkins, Ernest
L. Chaney, David G. Walker, Frank H.
Fuller, Samuel H. Hodgdon, S. E. Jen-
nison and Perry C. Moore.

Everything points to the customary
republican victory next Wednesday, and
the above ticket will be supported by
every republican.

Miss Grace Norton of Kittery returned
Friday evening from a week's visit to
Miss Florence Davis at Melrose, Mass.

The pupils of the Kittery High school
on Thursday presented their principal,
Mr. J. E. Roberts and his wife with a
costly and elegant Morris chair, as a
token of the high esteem in which they
are held by the scholars.

Miss Gertrude Remick is the guest
of friends in Haverhill.

The entertainment which was given
by the pupils of the High school on
Thursday evening netted the school
\$72.23, and will be used to pay for the
piano in use there.

YORK.

YORK, Me., March 21.

The Ladies Matinee Whist club met
with Miss Florence Varrell on Thursday
at her quaint and pretty cottage on York
river. Owing to the storm the club was
not complete in number, but with sub-
stitutes and dummies a most enjoyable
afternoon was passed. Orange, lemon
and fruit cake and cheese straws were
served with hot chocolate and the prize,
a silver-backed hat brush, was won by
the hostess.

The schooner A. T. Haynes, Captain
Perkins is loading at Marshall's wharf
with wood and barrels for Boston.

Mr. William Sewell, formerly of York,
was in town Monday attending the fun-
eral of his sister, Mrs. John Call.

There was no session of the Glee club
on account of the violent storm Thurs-
day evening.

Capt. Samuel Goodwin and his grand-
daughter, Grace, have returned from a
week's trip to Boston and vicinity.

The prospects are excellent for the
concert and assembly to be given on
Monday night and the boys are antici-
pating a full house.

Miss Carrie Banks is in town called
home by the illness of her father, Mr.
John L. Banks.

PALM SUNDAY

Tomorrow, Palm Sunday, will be fit-
tingly observed at Christ church. At
the second service, and at 7.30 p. m.,
the rector, the Rev. Dr. V. Brice will con-
tinue the series of powerful and eloquent
sermons which he has been delivering
on the Sundays during Lent. The Len-
ten privileges at Christ church have
been more than unusually abundant this
year. Besides all the Sunday and week
day services the rector has given no less
than three or four very beautiful ad-
dresses during each week.

WHO IS ENTITLED TO CREDIT?

It is surprising how many members
of the city government are anxious to
take the honor of standing out against
Steed Commissioner Hett.

The Herald has heard the names of
Councilmen Herriek, Nelson and Cotton
and alderman Bothwick. One of the
number has taken pleasure to inform
his friends that he did so. The public
are interested to know who the man was
and as there is now such interest it would
be in order for the men now claiming
the credit to get together and settle the
question as to who really saved the city.

Keep your eye on the Even-
ing Herald. Democrats and
Republicans will be criticised
as they deserve.

To Cure Constipation Forever,
Take Cassell's Candy Cathartic. 10c or 25c.
At C. C. Hall & Co., Druggists, 144 South
Main.

ROYAL BAKING POWDER

ABSOLUTELY PURE

Makes the food more delicious and wholesome

ROYAL BAKING POWDER CO., NEW YORK.

ROYALTY IN BIG STOCK

Hon. Frank Jones Purchases Some
Fine Berkshires from Hood Farm.

Hon. Frank Jones has recently pur-
chased from Hood Farm, Lowell, Mass.,
a young Berkshire boar that is of royal
breeding. His sire is Wantage King-of-
Hood Farm, a son of King Alfred, the
great prize winning boar in England,
and Wantage Poetess B. a phenomenal
winner and the progenitor of many win-
ners. The dam of the young boar is
Highclere Countess VIII of H. F., one
of the most finely bred sows at Hood
Farm. Mr. Jones has not only a richly
bred boar but one that is a grand indi-
vidual and he should prove a great sire.
He also purchased four young sows, par-
tially large of the Longfellow blood,
and all fine individuals. The Hood Farm
herd of Berkshires contains the best
strains of blood, both domestic and im-
ported, and by going directly to the
fountain head, breeders are able to se-
cure animals of the very highest order
of merit. The Berkshire pigs and Jersey
cattle at Hood Farm illustrate most em-
phatically the ruling principle in the
business career of the owner, Mr. C. I.
Hood, to have and to produce the best.

Hood's Saraparilla, of which he is the
proprietor, has gained the foremost
place in the field of medicine by virtue
of its superior merit, and it constantly
maintains this place as the year goes by.

FIRE IN BOSTON.

Boston, March 24.—One of the hard-
est fires to reach and fight that the Bos-
ton firemen have had to cope with for a
long time occurred tonight in the base-
ment and on the first floor of the five-
story building, No. 27 Elliot street.
The building was occupied by H. M.
Sanders & Co., dealers in hardware and
paints on the first floor and by Herbert
Harmon as a lodging house on the upper
floors. Sanders & Co.'s loss is \$6000
on stock, and Daniel M. Appleton, the
owner of the building, loses \$3000. Har-
mon suffered considerable damage by
smoke and water. The American Fur-
niture Co., and the Messrs. Jacob,
Wirth, dealers in wines and liquors in
adjoining buildings, lose \$1500 and
\$1000 respectively. Two firemen were
blown from a ladder by an explosion,
probably of a kerosene oil barrel, but
were not seriously injured.

ANOTHER AMERICAN VICTORY.

New York, March 25th.—The world
prints this morning the following Ma-
nila cable under date of March 24th.
"A sweeping victory over Aguinaldo's
forces has just been won by the United
States troops. The total American loss
is estimated at about one hundred; this
includes both killed and wounded. The
Philippines' loss is between three and
four hundred."

Rheumatism Cured in a Day

"Mystic Cure" for Rheumatism and
Neuralgia radically cures in 1 to 3 days.
Its action upon the system is remark-
able and mysterious. It removes at once
the cause and the disease immediately
disappears. The first dose greatly bene-
fits. 75 cents. Sold by Geo. Hill Druggist
Portsmouth.

Ten thousand demons gnawing away
at one's vitals couldn't be worse than
the tortures of itching piles. Yet there's
a cure. Doan's Ointment never fails.

"In the Soup."
This expression comes from the
German, some say, but its birth as
slang took place at a game of base-
ball between New York and Chicago
in June, 1888, at the Polo Grounds, in
New York.

It seems that the members of the
Chicago team had made themselves
conspicuous by marching about the
field before the game in dress suits
and had consequently been dubbed
"waiters" by the bleachers crowd.

The game was a disastrous one for
the visiting team. They suffered a
defeat by the ignominious score of 19
to 2. At its close an enthusiastic New
York rooter yelled, "The waiters have
fallen into the soup!"

This took the fancy of the excited
crowd and was shouted all over the
grounds. The newspapers repeated it
in the accounts of the game and the
theatres promptly took it up.

Insects and the Sense of Sight.

A proof that it is not always the
sense of smell, but oftentimes that of
sight, which directs insects to their
flowers is noted by the distinguished
French entomologist, M. R. Blanchard.
A species of sphinx moth which entered
a hotel room in the half obscurity of
early morning was found to flit with
direct intent to definite parts of the
wall and ceiling.

These were decorated with paintings
of leaves and flowers, and to the lat-
ter the insect approached in repeated
attacks, thrusting forward its prob-
oscis as though intent upon intruding
it into the opened cups of beguiling
flowers. After repeated failures and
the resulting discouragement the effort
was given up, and the moth escaped
by the window. Another case of a
butterfly which persisted in visiting
the artificial flowers upon a lady's ban-
net adds an instance to recorded facts
of erring instinct among insects.

Descendants of Columbus.

The last two descendants of Christo-
pher Columbus are said to be occu-
pants of a poorhouse in Cadiz.

AT THE NAVY YARD.

The U. S. S. Potomac will remain in
the dry dock about a week.

A number of men are registering to
be ready for the boom at the yard.

Captain Harris' residence on the yard
is about ready for his occupancy.

Pay Clerk W. W. Deane, U. S. N.,
was a visitor to the yard on Friday and
received a cordial greeting from his old
friends.

Carpenter J. E. Keene has been or-
dered to the receiving ship Franklin,
instead of the Richmond, as previously
announced.

Naval Constructor J. G. Tawney,
U. S. N., leaves today for Pittsburg,
Pa., to inspect the big electric motors
and engines for this navy yard.

Several weeks ago a member of the
New Hampshire delegation requested
the name of a young man who would
like an appointment as apprentice
shipwright and it was impossible to get
a boy. This trade is only slightly called
for now-a-days.

On Sunday the Pastor will continue
his talks on "The Slaying of Jesus
from the Cross." At 10.30 a. m. the sub-
ject will be "The cry from the depths"
and at 7.00 p. m. "The cry of Victory"
All are cordially invited to these ser-
vices.

OLD RANCOR FELT.

Cubans and Spaniards Are Now at War in the Courts.

WAR CRIMES BEING PROSECUTED.

Hall of Department of Justice Protections Against Such Actions—Such Prosecutions Disturb Country's Reconstruction—General Brooks Will Issue a Decree Following Line Suggested.

Havana, March 24.—That the Cuban and Spanish rancors and hatreds, the outgrowth of the war conditions, are still actively pursued in Cuba, is evidenced by a communication recently sent to Governor General Brooke by Senor Lanuza, head of the department of justice and public instructions. He says it is a matter of daily occurrence that in different parts of the island proceedings are taken against those who belonged to Guerrilla and other Spanish forces during the war for crimes imputed to have been committed at that time. Cuba's peace, Senor Lanuza adds, requires that this be stopped.

Continuing, he says: "If we open the door to such accusations, we should soon have a series of actions against Cuban leaders and resident Spanish soldiers, which would constitute a continuation of the war, but with other arms. The Cuban army, under the necessity of war,

burned property and seized food and clothing. The Spaniards did similar things. These men should not now be prosecuted in war time. Cuba must forget the past. Such prosecutions disturb the country's reconstruction. The matter should be handled at the root, by ordering them to cease all prosecutions."

Following the suggestion contained in Senor Lanuza's letter, Governor General Brooke will issue a decree to the effect that the civil and military judges must not recognize and must dismiss all present and pending actions against troops in the field for acts committed then. Further, the governor general will order the immediate release of all men now held in custody on such charges.

INSULTS AMERICANS.

Mexico City, March 24.—Correo Espanol, the organ of the Spanish colony, continues to insult the Americans in Cuba, and says today: "Civilization has disappeared from Cuba, with the disappearance of the Spanish flag. No spectacle could be more repulsive. The American soldiers have converted the beautiful park there into a camp. There they eat, there they drink, and there they wallow freely like hogs in the creek on a summer day. Oh, what a sad page to history for the human race is the United States' writing in Cuba and the Philippines. What a step backward in the path of civilization has been taken by North America in letting loose its immoral and cynical soldiery on these unhappy countries!"

A CHURCH DESTROYED.

Vinalhaven, Me., March 24.—Fire broke out in the Union church here at midnight, and the building was destroyed. The fire is thought to have caught from a stove in the church parlor. When discovered, the whole interior was ablaze, and the firemen could do nothing to save the church. Neighboring houses were in great danger for a time, but the firemen succeeded in saving all other property. The church was built in 1860, and was valued at \$7000. There is an insurance of \$3000 on the building and \$800 on the organ.

SEAMEN ARE SCARCE.

Mare Island Navy Yard, Cal., March 24.—Men are being enlisted for the United States steamers Neru, Farragut, Ranger, Pensacola, Brutus and Rowan. Owing to the scarcity of seamen, the Pensacola has been delayed for several weeks at Mare Island. The Farragut would have also gone into commission several weeks ago had the men and officials been available. Seventy-seven seamen are on their way here from the Norfolk navy yard.

INFANT'S BODY FOUND.

Milbury, Mass., March 24.—The body of an infant about two months old was found in an unprejudiced street early morning. The infant, who was left to perish in the storm last night, was barely alive when found, and it is thought will not survive.

WILL ENLARGE PLANT.

Waterville, Me., March 24.—The Hollingsworth & Whitney Paper company of Boston has decided to enlarge its Waterville plant by 50 per cent, giving it an output of 75 tons daily.

OXFORD VS. CAMBRIDGE.

London, March 24.—The betting on the annual Oxford and Cambridge boat race, which is to take place tomorrow, is 11 to 4 on Cambridge.

LI WILL RULE AGAIN.

Peking, March 24.—It is learned on good authority that Li Hung Chang is again upon the point of returning to power.

THE DAILY WORK.

Work Which Can be Inspected Personally is Always Better Performed. It's the daily work of the "Little Courqueron." The workings right here in Portsmouth. Lifting burdens from helpless backs. Bringing sunshine to many a house. It's deeds that count. That bring the never-ceasing sounds of praise.

The public are learning fast. Learning to appreciate merit. Learning to distinguish between claims and proof.

Home proof is the best proof. Doan's Kidney Pills are endorsed by Portsmouth citizens.

Read what a citizen says: Mrs. Ira Haudall, of 73 Pleasant street says:—"I was taken with acute lameness in the back and it became so tender over the kidneys that I could not bend forward. Twinges of pain often caught me in the loins in making any quick movement. The pain, and the tired out feeling hanging over me all the time was most distressing. I was very bad when I went to Phillips' pharmacy in Franklin block for Doan's Kidney Pills, yet they very quickly benefited me and I discontinued using them before the box completed. I am very favorably impressed with the old Quaker remedy, and as I am quite recovered from the attack I can certainly recommend it. I advise anyone having anything wrong with their kidneys to try Doan's Kidney Pills, and I am confident anyone trying them will find them effective."

Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster Milburn Co., Buffalo, N. Y. Sole agents for the U. S. Remember the name Doan's and take no substitute.

MUNKACSY DYING.

Famous Hungarian Painter Is Secluded in an Insane Asylum.

Berlin, March 24.—Michael Munkacsy the famous Hungarian painter, who has been secluded in a hospital for the insane at Bonn for more than two years is dying.

MUNKACSY.

Munkacsy is one of the greatest painters of the century. His "Christ Before Pilate" is regarded as one of the great masterpieces among the world's paintings, and his "Christ on Calvary" and the "Last Hours of Mozart" are scarcely less renowned. His "Christ Before Pilate" was bought by John Wanamaker of Philadelphia for \$200,000.

Munkacsy has been virtually dead to the world since the paralytic shock which, in the latter part of 1896, compelled him to abandon all hope of ever working at his easel again. At that time he was at Goldsburg. For months he sat brooding and melancholy, until, in an excess of madness, he suddenly attacked and nearly strangled his attendant and his physician. He was immediately removed to an insane asylum, from which he was removed to his present retreat.

REWARD DIVIDED.

Court Distributes Cash Offered for Capture of Murderer, Kelley.

Dover, N. H., March 24.—Judge Parsons of the supreme court today announced his finding in the dispute over the disposition of the rewards offered for the capture of Joseph E. Kelley, the youth who murdered J. A. Stickney, cashier of the Great Falls National bank of Somersworth, in 1897, after robbing the institution and fleeing to Montreal, where he was captured. The claimants of the rewards were unable to agree, and after a lengthy controversy the case was referred to the supreme court for arbitration.

Judge Parsons finds that Robert F. Hurd of Berwick, Me., George B. Thomas of Portland, Me., Dudley N. Cheney and Arthur D. Cheney of Somersworth are not entitled to any money.

To Silas H. Carpenter, chief of the Montreal detective bureau; James O'Keefe, Oliver Campeau and Aggie Ashton, all of Montreal, is awarded 40 per cent, and the remaining 60 per cent, is divided equally among William H. Rich of Berwick, Edward R. Bartlett and James S. McDonald of Somersworth and George W. Parker of Dover.

The latter four were the ones who were mainly instrumental in tracing Kelley to Canada. Aggie Ashton was the keeper of the house where Kelley was taken.

The total amount of the rewards is \$2510, but as not all of the stolen money was recovered this sum is cut down to about \$1810.

BARROWS GETS TWO YEARS.

Boston, March 24.—At the opening of the United States district court this morning, C. F. Barrows, the Newton letter carrier, found guilty of taking money from the mails, was sentenced to two years in Concord reformatory. Barrows is well known, and his family are prominent in Newton social circles.

LAST WAR GOVERNOR.

Pittsburg, Pa., March 24.—Ex-Governor Francis H. Pierpont of West Virginia, one of the last of the war governors, was taken suddenly ill at the home of his son-in-law in this city last evening, and is sinking rapidly. Mr. Pierpont is 64 years old.

ENEMY ARE ACTIVE.

Now Hard at Work Preparing Defenses at Malabon.

BUT KEEP WELL UNDER COVER.

Small Body Emerged From Jungle Yesterday and Fired on Kansas Troops. Fatally Wounded Two Americans—Filipino Accounts Say Thousands of Americans Have Been Killed.

Manila, March 24.—The enemy are extremely active in the vicinity of Malabon in preparing defenses, evidently anticipating an attack. They keep well under cover. A small body, however, emerged from the jungle on the extreme left yesterday and fired upon the Kansas troops in the trenches, fatally wounding Private Cohen of company B and Private Mose of company E.

The Oregon volunteers and the Twenty-second regulars marched to the front today. The Third and Seventeenth regiments have disembarked from the Steamer, General H. G. O'Neil's brigade struck their tents this morning, and an early move is probable.

Sixteen English refugees arrived here yesterday from Dagupan, the railroad terminus, on board the steamer Saturnus. They report that the natives are generally friendly and the officers invariably courteous. Mr. Higgins, manager of the railroad, and about a dozen unmarried men in charge of various business interests, declined to take advantage of the opportunity to leave.

DR. GUILFORD'S TRIAL.

Bridgeport, Conn., March 24.—The Yale Mill pond murder trial, in which Dr. George Guilford stands accused of the killing of Emma Gil, began this morning at 10 o'clock in another dreary rain, and the earlier hours of the day's proceedings were unprofitably lost to the court. Dr. Guilford is today less nervous than the introduction of further evidence to establish the crime. Mrs. Guilford came into court at 10, and her counsel showed continued improvement in her physical condition. Accompanying her today was her daughter, Eudora Guilford, who has been absent from the court room two days on account of indisposition. The younger woman, apparently, had not fully recovered and looked pale and drawn. Fewer spectators than usual were in attendance and there were many vacant seats.

NOT ON THE PROGRAM.

London, March 24.—The Vienna correspondent of The Standard says that the popular actress, Lola Manzola, exclaiming, "The love that kills," shot herself with a revolver on the stage in full sight of the audience during a performance at Cilli, Styria, and was removed in a dying condition.

OUT ON BAIL.

Dover, N. H., March 24.—After being in jail nearly two months, Miss Agnes Provenchla, who was held as a witness against her sister-in-law, Mrs. Lizzie Provenchla, the alleged murderer of Miss Annie Cox, at Rochester, Jan. 25, has been released from custody under \$2500 bail. Napoleon Gilbert and Joseph Royal are her bondsmen. The trial is to take place next September, and Miss Provenchla is highly pleased at being given her freedom, as she had given up hope that bondsmen would be secured.

CORBIN'S TASK.

Has Undertaken to Get Volunteers Out of Cuba by April 25.

Washington, March 24.—A lieutenant general of the United States army, who has undertaken to get all the volunteers out of Cuba by April 25, and arrange for their transportation, is now in the midst of his task. This is fully two weeks within the limit of May 10, set by the president before he left for the south.

The preparations of the undertaking may be realized when it is remembered that 25 regiments must be transported by

GENERAL H. C. CORBIN.

sea to United States ports within a month. These volunteer regiments, with their present locations, are as follows:

Second United States engineers, Havana; Third United States engineers, Cienfuegos; Matanzas and Pinar del Rio; Second, Fifth and Ninth United States infantry, Santiago; Fourth United States infantry, Manzanillo; Second

BLAINE'S OLD PLAN.

Suggestion That Partition of Samoa May Yet Come.

EACH NATION TAKE AN ISLAND.

Upole Would Fall to Germany—Tutuila to Uncle Sam—Great Britain Would Have Large Island of Savaii—Some Doubt if Scheme Would be Accepted by All Powers Interested.

Washington, March 24.—There is some suggestion that Mr. Blaine's plan of a partition of Samoa may again be brought forward, although it has not assumed official form thus far. It is based on the idea that as the Samoan group consists of three large islands each of the three interested nations would take one of the islands.

The Germans insist that they have predominating influence on the large island of Upolu, and therefore this island would fall to Germany. On this basis the eastern island of Tutuila, with its harbor of Pago Pago, would fall to the United States, and the large western island of Savaii to Great Britain.

At present the United States is preparing to take possession of its naval harbor at Pago Pago, and a collier is now loading at Norfolk with supplies for that point. But while it is one of the best naval harbors on the Pacific, there is much doubt whether this government would be contented with a naval harbor alone, while Germany absorbed the rich commercial parts of the island group. Nor is it believed Great Britain would accept a partition which assigned to her the western island, which is barren and mountainous.

While, therefore, the partition of Samoa is being put forward in a tentative way, it appears to involve too many animosities to prove a practical solution. Germany probably would accept such a solution, as it would give back that commercial preponderance the Germans have lacked since the treaty of Berlin was made. At that time William Walter Phelps, our minister at Berlin, forwarded to Mr. Blaine extracts from the three great organs of German political sentiment, all expressing deep disappointment at losing the preponderant force they had formerly exercised. The Berlin Kreuz Zeitung (extreme conservative) said:

German influence is no longer to be allowed preponderating force, and the German element is to be reduced to the level of other foreign elements, although two-thirds of all foreigners in Samoa are Germans, and four-fifths of all the trade is in German hands.

The moderate and radical views were similar, all expressing regret that Germany had in the treaty of Berlin given up her preponderating influence. In this view it would appear that any repudiation of the treaty of Berlin would be in line with German political sentiment as made known by Mr. Phelps to Mr. Blaine at the time the treaty was made.

PARSONS SWEARS TO IT.

Hallfax, N. S., March 24.—William Parsons, Jr., the Halifax stable keeper, who has just made an important statement in connection with the Thomas M. Bram murder case, emphatically contradicts a dispatch from Providence, R. I., in which Pierce Cross, clerk of the United States district court, who figures in Parsons' statement, denied the alleged allegation that Bram had made a confession, and today Parsons made an affidavit that Cross told him Bram confessed to Cross that he was guilty.

MAYOR HAYNE BANKRUPT.

Kansas City, Mo., March 24.—Colonel M. J. Hayne, ex-mayor of Kansas City, filed a petition in voluntary bankruptcy in the federal court here yesterday. His liabilities are \$125,000, to offset which he has real estate holdings which he values at \$175,000. Colonel Hayne is president and manager of the Kansas City Gas company, which is controlled by Philadelphia capitalists.

No Right to Urgences.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking charming woman of a run-down invalid. Only 50 cents at Globe Grocery Co.

Distressing Stomach Disease.

Permanently cured by the masterly power of South American Nerve Tonic. Invalids need suffer no longer because this great remedy can cure them all. It is a cure for the whole world of stomach weakness and indigestion. The cure begins with the first dose. The relief it brings is marvellous and surprising. It makes no failure; never disappoints. No matter how long you have suffered, your cure is certain under the use of this great health-giving tonic. Pleasant and always safe.

Sold by George Hill, Druggist, Portsmouth N. H.

Heavily In Blood Deep.

Clean blood means a clean skin. No beauty without it. Cascarella's Candy cleans your blood and keeps it clean, by stirring up the lazy liver and driving all impurities from the body. Begin today to banish pimples, boils, blotches, blackheads, and that sickly bilious complexion by taking Cascarella's, beauty for ten cents. All druggists, satisfaction guaranteed, 10c, 25c, 50c.

Dr. Wood's Norway Pine Syrup is especially adapted to the needs of the children. Pleasant to take; soothing to its influence. It is the remedy of all remedies for every form of throat and lung disease.

SEVEN SUTHERLAND SISTERS

Hair Grower and Scalp Cleaner

For Over 14 Years

These highly meritorious preparations have stood at the head of all hair restoratives. More than 3,000,000 bottles have been used by the American people, and thousands of testimonials bear witness to their excellence, while there were never any complaints when directions were followed.

Ask your Druggist about it.

SATURDAY, MARCH 25, 1899.

Spain announces that she will do her best to pay her Cuban debt. She has already done her worst to get rid of it.

History will have to record that the democratic nominee for president in 1900 was beaten in 1899 in the city of New York.

If Jefferson could hear the wrangling between Col. Bryan and Major Belmont, he would probably exclaim: "A plague o' both your houses."

Hon. David B. Hill doesn't want any Jefferson banquet. He has no assurance that Jefferson would have eaten in his honor if their positions had been reversed.

Philadelphia is now entertaining the largest epidemic of typhoid fever that has ever been known in that city. It all comes from drinking water that has to be eaten.

Further efforts to settle the controversy between Matthew S. Quay and the Pennsylvania legislature have proved fruitless. It is queer that the parties do not agree to arbitrate it.

Peace with Spain is an established fact, but the cruel war over army beef still rages with unabated fury. It is too bad that an armistice cannot be arranged with regard to this matter.

Secretary Long has decided to order the Raleigh direct to New York. That means that she will not go back to Norfolk. Now the question arises will Boston make a try to defeat Portsmouth.

Hon. Jerry Simpson, of Kansas, believes that Col. Bryan has made a great mistake in getting into a fight with Major Belmont. It is a pity that the col. one didn't hire Simpson as a substitute.

One thing to remember with reference to the wholesale advance in wages is that it pays its way in 100-cent dollars. This is the fact that causes such copious runs of heartache among the calamity of howlers.

Advice from the Orient announces that the emperor of Korea has treated himself to a good old-fashioned American hair cut. His majesty has taken one cue from the Yankees and one queue from his head.

Even at this early day it is perfectly clear that there will be the largest crop of democratic parties in 1900 that the country has ever produced. The danger of a dreadful over-production is increasing every week.

A BAD CASE OF 'EM.
This jewel of veracity is taken from the Boston Globe: "In Portsmouth, N. H., the citizens have organized for the extermination of panthers, which are terrorizing the town." The Globe is evidently thinking about the sea-lions that infest Portsmouth, New Hampshire, and has mixed its geography in the attempt to write and manipulate a deceiver at the same time.—Norfolk Landmark.

Right you are. The Globe was no doubt thinking of this port and they were afraid it would kill this section as a favorable spot for a modern dry dock. The Globe man will no doubt get his bearings after awhile.

Relief in Six Hours
Dieting Kidney and Bladder disease relieved in six hours by "New Great South American Kidney Cure." It is a great surprise on account of its exceeding promptness in relieving pain in bladder, kidneys and back, in male or female. Relieves retention of water almost immediately. If you want quick relief and cure this is the remedy. Sold by George Hill Drug Co. Portsmouth, N. H.

Stop Cheating
Beware of those who tell you that they can cure you of your disease without the use of medicine. They are only trying to get your money. The only way to cure your disease is by the use of medicine. Stop Cheating.

Stop Cheating

BY TELEGRAPH.
A CONTEST FOR THE RALEIGH.
WASHINGTON, March 24.—Ex-Representative Bowden of Norfolk, with some citizens of that place, urged upon Secretary Long today the propriety of having the alterations on the Raleigh made at the Norfolk navy yard. A spirit of rivalry has sprung up between Norfolk, Va., and Portsmouth, N. H., and strong pressure has been brought to bear upon the navy department from each quarter to have the Raleigh repaired there after the ship arrives at New York, according to the last orders, and when the demonstration there is over, it will be determined just where she will go.

ARRESTED FOR CONTEMPT.
BRIDGEPORT, Conn., March 24.—Langdon Smith, who represents the New York Evening Journal at the trial of Dr. Nancy A. Guilford, the mid-wife, was today ordered by Judge Wheeler to appear before the court on Monday morning at nine o'clock to show cause why he should not be prosecuted for contempt of court. The judge informed him that the articles as a whole, printed in the Evening Journal on Wednesday and Thursday, were objectionable.

MANILA CAMPAIGN PLANNED.
WASHINGTON, March 24.—It is understood here that General Otis has so far matured his plan of campaign that within a week or ten days he will be able to begin the movement which is expected to mark the destruction of Aguinaldo's army. The new movement will, it is understood, be a combined land and water attack, though it is not expected that the navy's part in the programme will be particularly prominent.

VENEZUELA INSURGENTS DEFEATED.
CARACAS, VENEZUELA, March 24.—The insurgent forces, under General Raymon Guerra, formerly Venezuela minister of war and marine, who last month started a revolution against President Andrade in the new state of Guayrico, of which he had been appointed provisional governor, has been severely defeated by the government troops, under General Antonio Fernandez, near Masacito.

FISHING SCHOONER LOST.
BOSTON, March 24.—The fishing schooner A. M. Burnham, which sailed from here on January 21st, has not been reported since the big gale of February 13th and is now believed to have been lost with her crew of twelve men.

THOUGHT TO HAVE KILLED HIS WIFE.
BOSTON, March 24.—Felix Canfield, seventy years old, was placed under arrest by the Brighton police tonight to await the result of an inquiry into the death of his wife at their home, No. 50 Waverly street. It is said that Canfield killed his wife by shooting.

MCCOY WINS.
SAN FRANCISCO, March 24.—McCoy was the winner in his fight with Choyonki here tonight in the twentieth round.

Precious Stones Here.
Diamonds have been found in Wisconsin. In 1896 one stone of 6-8 karats was found in Saukville, Ozaukee County, six miles northwest of Milwaukee, and another of 2-1-16 karats in Burlington, Racine County. In 1896 one of 21 karats, but of poor color, was found near Kohlsville, Washington County, Wis. These gems were found in what is known as the Kettle Moraine of the later glacial epoch. Geologists say that they were carried by ice from the north.

One diamond of 13-16 karats, one of 1-16 and a third of 1-32 karat, were found near Butte, Mont., a few days ago. Rubies have been found in surprisingly large quantities in the Cowee Valley of North Carolina. With them are very beautiful garnets.

On the bars of the Missouri River, in Montana, sapphires of small size, but fair quality and good in quantity, are being taken out by companies formed for the purpose. Several fine beryls have been unearthed in Maine. In North Carolina some good specimens of emeralds have been discovered. Topaz occurs in Idaho and Montana.

Connecticut, Maine and North Carolina have produced several good specimens of tourmaline. Garnets occur in fair quantities in California. South Dakota and Virginia have produced a few valuable amethysts. A beautiful opal was found in Maryland. In Lincoln County, Idaho, there is a deposit of agate wood which is susceptible of superb polish. Turquoise occurs in Arizona in the Burro Mountains.

NERVES ALL ON EDGE.
"So Nervous It Seems as Though I Should Fly."
Dr. Greene's Nervura Makes the Weak Strong, the Sick Well.

How nervous you are? Your nerves are unstrung and seem all on edge. The slightest unusual sound sets your nerves quivering, and you feel as if you would fly to pieces. And with it how weak, tired and completely prostrated you feel! Or perhaps you have attacks of nervous weakness, faint feelings, with sense of extreme weariness and prostration. Possibly your heart palpitates, your limbs tremble and you feel sinking with sense of anxiety or foreboding. Your nerves are weak and unstrung, and the vitality of your blood is low. That is why you do not sleep well nights, feel anxious and depressed, and wake mornings feeling tired and dragged out, why you have no appetite for breakfast and are without strength, energy and ambition. You need the right medicine—Dr. Greene's Nervura blood and nerve remedy, and you should take it at once.

Mrs. D. O. Farnall, of Manchester, N. H., writes:

"I have used Dr. Greene's Nervura blood and nerve remedy for nervousness. Loss of sleep and appetite were the principal effects caused by my condition. The remedy has cured me of my nervousness, and I feel much better. I have now stopped taking the Nervura."

Mrs. Nettie Butler, 504 Central Ave., Dover, N. H., says:

"I should fly. I was all wrought up and at times it seemed as though I should fly. I used Dr. Greene's Nervura and it helped me right off. It is the best medicine I ever used."

Dr. Greene's Nervura blood and nerve remedy has behind it the famous physician, Dr. Greene, 24 Temple Place, Boston, Mass., the most successful specialist in curing all forms of nervous, chronic or lingering diseases.

His great remedy will surely benefit you and you can consult Dr. Greene, whose experience and practice are enormous in just such cases as yours, absolutely free of charge, either by calling at the office or writing him about your case. You should certainly take this best of spring medicines, for you need a spring remedy and now is the best time to be cured.

SHERMAN SAFELY MOVED.
Is Taken From the Paris to the United States Cruiser Chicago.

Santiago de Cuba, March 24.—Mr. John Sherman has been safely moved from the American liner steamer Paris to the quarters provided for him on board the United States cruiser Chicago.

Mr. Sherman rested easily during the night and awoke cheerful and prepared for the change.

The Chicago arrived here after daylight, and preparations were immediately made for the transfer of Mr. Sherman from the passenger vessel to the warship.

He was carried on a stretcher, which was laid on one of the boats of the Paris fast to the davits. The boat was then lowered into the water, and was taken in tow by a steam launch. Two umbrellas were placed over the sick man, in order to prevent the sun from overheating him. Mr. Sherman was hoisted on board the Chicago in the same manner. He was accompanied by F. B. Wiborg, Dr. Magee and a nurse.

Immediately after Mr. Sherman had been taken on board the Chicago, the Paris, with her full complement of sailors, left here for Cienfuegos.

The Chicago left here later in the morning.

CAMBON'S NEW POST.
Paris, March 24.—The Journal this morning says it learns that M. Jules Cambon, French ambassador to the United States, will soon be appointed ambassador to Italy, to succeed M. Nisard, who is about to resign.

NEWS OF THE DAY.
Montezuma university at Bessemer, Ala., was destroyed by fire. Forty pupils got out of the building without injury. The building cost \$30,000.

All Mahoning Valley mill owners yesterday voluntarily advanced wages of laborers from \$1.15 to \$1.25 a day. Fifteen hundred men will be benefited by the increase.

Mrs. Ann Hayes Alexander, the oldest person in Saratoga County, N. Y., died yesterday. She was born in Salem, Mass., Jan. 22, 1798.

SEASONABLE TOPICS.
TIMELY HINTS FOR THE WOMAN WHO WOULD PRESERVE HER BEAUTY

Everything Depends Upon the Condition of the Blood—The Necessity for a Complete Change of Diet—Efficiency of Some Old Fashioned Recipes.

It is an utter impossibility for any woman to be beautiful who will not take the time to care for her body properly, suppress all emotions that decrease vitality and see to it that her blood is in a pure condition, says a writer in New York "Toilettes." Especially on the latter everything depends. There are so many faces that continually attack the aspirant for good looks that it is necessary to be continually on the alert to combat them. Hereditary influences according to medical authority, play an important part in this list of enemies. Complaints of the stomach, disorders of the nervous system, disorders of the liver will derange even the healthiest system and play havoc with personal appearance, and it is a well-known and undisputed fact that most of the blemishes and disease of the skin arise from the unhealthy action of liver, kidneys, etc. Through the pores of the skin many matters pass that are abstracted from the blood and thereby frequently inflict injury on its own structure. Nobody's blood can be perfectly pure if a disposition to constipation exists. Indigestion and dyspepsia are all followers of constipation and that of course, is the ruin of a clear complexion, bright eyes, etc.

In the Spring of every year the blood is sluggish and the liver torpid, showing that the system is in need of a general housecleaning. It is quite an undeniable fact that in Winter we partake of the richest foods, pies, pastries, etc. This is all right enough for cold weather because then we need a good fuel to keep us warm and protect the nerve centers, but for Spring a new course is advisable. Stewed or fresh fruit, eggs, broiled or boiled fish should be substituted for the heavy dishes, with the addition of plenty of lettuce, watercress, etc. Hot biscuits, cakes, oatmeal, buckwheat, etc., should be dispensed with, if not altogether, then at least for a considerable time. Chops, steaks, lamb, beef, chickens should be put in the place of pork, ham, corned beef, beans and salted fish.

Dandelion greens should be eaten heartily because they are excellent for the general health and complexion. Candies and all rich cakes are strictly forbidden. It is said that buttermilk taken with regularity three times a day is very beneficial, and as a wash for the skin it has no equal. Regular exercise in the open air is also necessary, but care must be taken that the matter is not overdone. Sponge baths should be taken daily in Spring and it is well to add a little sea salt in the water, as it invigorates and refreshes the system, which is more easily fatigued at this season of the year than at any other. Mild aperients are also beneficial to the skin. For a sallow and dull-looking complexion a teaspoonful of phosphate of soda dissolved in a glass of vichy water and taken three times a day will be found very good. A very old-fashioned recipe for a Spring medicine is sulphur, cream of tartar and molasses. It is the meanest thing to swallow, but everybody, especially grandmothers will preach eloquent sermons on the efficacy of this mixture, which any druggist will prepare in proper proportion as to ingredients. A tablespoonful should be taken before breakfast every alternate three days—i. e., take the medicine three days and stop three days, and so on.

Flaxseed Candles.
Flaxseed candles from Florence are in the natural colors of the flowers they represent, even to the leaves of the foliage. The stem is curled over for the handle, and candle and shade are selected either to match the delicate shades or in white, to contrast with the richer effects.

As these candles are inexpensive, they may be used in quantities. The smaller flowers are made up in a bunch with the candle receptacle hidden in the centre, but in the large flowers, such as morning glories or roses, the candle fits into the centre of the blossom.

The Awakening.
She had not been married so long that she had broken herself of the habit of occasionally fishing for compliments, and she liked above all things to hear him say how he prized her. But this time he was taken off guard and spoke thoughtlessly.

"It was a \$20 gold piece you gave the minister who married us, wasn't it?" she asked.

"Yes," he answered without looking up from his paper.

"That's a lot of money, George," she suggested, and then waited for him to throw down his paper and say "Not for such a treasure," or something like that, but he didn't. Instead he leaped with a depth of feeling that was unusual:

"Well, you can just everlastingly bet that it is."

She hadn't been much of an angler since.—Chicago Post.

Not a Question of Veracity.
"What was the row between you and Thompson?" A question of veracity, was it not?"

"No. It was a question of unveracity. I said he was a liar and he said I was another."

His Life Was Saved
Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo. lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid fever, that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected soon to die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. Regular size 50 cents and \$1.00. Trial bottles free at Globe Grocery Co's drug stores every bottle guaranteed.

Spring tiredness is due to an impoverished condition of the blood and is cured by Hood's Sarsaparilla, which enriches the blood.

Burdock Blood Bitters gives a man a clear head, an active brain, a strong, vigorous body—makes him fit for the battle of life.

One Way.
One way there is to please and, too, A kindly deference show— Pretend you're learning something new From those who do not know.

Does the Baby Thrive
If not, something must be wrong with its food. If the mother's milk doesn't nourish it, she needs SCOTT'S EMULSION. It supplies the elements of fat required for the baby. If baby is not nourished by its artificial food, then it requires

SCOTT'S EMULSION
Half a teaspoonful three or four times a day in its bottle will have the desired effect. It seems to have a magical effect upon babies and children. A fifty-cent bottle will prove the truth of our statements.
